Fandi Ardyan

Malang, East Java, Indonesia | fandardyy@gmail.com

Hello I'm Fandi Ardyan, a first year college student at University Muhammadiyah Malang, starting to look for roles in tech industry.

Work Experience

Informatics Lab Asistant • University Muhammadiyah Malang

Jan 2024 - July 2024 | East Java, Indonesia

- As an Informatics Laboratory Assistant, the primary responsibilities include supporting the setup, maintenance, and operation of laboratory equipment and assisting students and faculty in various lab activities.

Penetration Tester • Fastwork.co

Mar 2023 - Now | Jakarta, Indonesia

- As a Junior Penetration Tester, I perform security assessments to identify vulnerabilities in systems and networks. My role includes simulating cyberattacks to expose risks and providing recommendations to strengthen security. While continuously expanding my knowledge in cybersecurity, I apply a solid foundation in penetration testing techniques and tools. This part-time, remote role enables me to develop my skills in a dynamic environment.

Organization

Leader • Multimedia MAN 2

Agt 2021 - Sep 2022 | NTB, Indonesia

- As a former multimedia extracurricular leader at MAN 2 Mataram, I led a team committed to exploring and unearthing the creative potential in the world of multimedia. During my leadership, we managed to produce various projects that included photo and video editing, graphic design and the application of the latest technology.

IT Coordinator • English Club MAN 2

Agt 2021 - Sep 2022 | NTB, Indonesia

- Dedicated and tech-savvy IT Coordinator with a passion for leveraging technology to enhance the learning experience within the English Club. Adept at implementing and maintaining digital solutions, ensuring seamless communication, and fostering a technology-driven environment.

Member • Robotics MAN 2 Mataram

Sep 2020 - Sep 2021 | NTB, Indonesia

- As a member of the robotics team, the primary responsibilities include designing, building, and programming robots for various applications.
